

Stage 6

Expanding and factorising expressions

Solving equations

Indices and substitution

Plotting straight line graphs

Real life graphs

Probability

Scatter graphs and correlation

Frequency polygons, stem and leaf diagrams and averages

Using a calculator

Ratio

Calculating with decimals

Calculating with fractions

BIDMAS

Angles

Circles, circumference and area

Constructions

Area of triangles and quadrilaterals

Volumes of cubes and cuboids

3D and 2D. Cross-sections, plans and nets

Enlarging shapes

Transformations
