

Year 10 Coursework Task Sheet

Is Alvechurch a suburbanised village?

Remember, whatever you choose to write about you must be answering the question above!

Main Focus

Hypothesis: Alvechurch fits the model and definition of a suburbanised village.

You need to prove or disprove this statement as part of your coursework.

In previous years students have examined some of the following ideas in their coursework.

- Alvechurch is now more urban in character than rural.
- Alvechurch has grown significantly since 1950
- Most Alvechurch residents work in other towns and cities.
- As the number of services increases the quality of the environment decreases.
- The size of Alvechurch has determined the number of services
- The variety of services is determined by the proximity to a larger urban centre.
- House prices decrease the further you move away from the centre of a village.
- Transport services in Alvechurch are adequate for the population.
- Alvechurch has benefited from the construction of the by pass

Try to use all your research to answer the main question eg questionnaires, environment survey, service study, people and traffic counts.?
